3 (30 minutes)

4 (40 minutes)

5 (30 minutes)

6 (30 minutes)

Only reading homework is expected in Grades K-4. This time can include parents reading to their children as well as the child reading.

Fifth and Sixth Grade Homework: Students will have math homework on a regular basis. The time will vary from 20 min. To 45 minutes, depending on the student and the assignment. Students are not expected to spend more than 45 minutes on math homework. Assignments in social studies and science will be balanced with other homework. Time for homework will not exceed 1 hour and 15 minutes. This includes 30 minutes for reading. Students are invited to work on homework in the classroom after school during homework club.

Children who regularly do not complete homework will be asked to join homework club.

Children who do not complete work during class time will be asked to stay after school or before school to finish their work. This is not considered recess time. Recess occurs during the school day.
